

CERTIFICATE OF INSTRUMENT VALIDATION

This is to certify that the data gathering instrument for the research entitled: “Smart Web and Sensor-Based Dormitory Management and Monitoring System for Tarlac Agricultural University” by the researchers Charles M. Aguilar, Razel L. Camitan, Jenny Leah A. Dela Cruz, Khim Christian Y. Isla, and Jaeron J. Tamayo, has been validated by the undersigned.

The validation process included an evaluation of the structure of the instrument, question formulation, and suitability for the target responders. Based on the assessment, the survey instrument is deemed valid and appropriate for data collection.

This certificate is issued for documentation and research compliance purposes
